

CIVIL ENGINEER

Interwest Consulting Group is seeking an enthusiastic, committed Civil Engineer to join our Northern Colorado team specializing in land development and transportation projects. Projects include parks and trails, commercial and residential developments, technology campuses, and roadway/intersection improvement projects. Ideal candidate will have 3 – 5 years' experience in Civil Design. Responsibilities include assisting with site and roadway design, grading, drainage analysis, stormwater conveyance, utility design and coordination, and general drafting.

Location: Windsor, Colorado

Interwest's Windsor, CO office, located approximately one hour north of Denver.

Job requirements include but are not limited to the following:

- BSCE (EIT preferred)
- Must be able to demonstrate proficiency with AutoCAD and/or Civil 3D
- Ability to read drawings, redlines and make accurate corrections
- Excellent verbal and written communications skills
- Self-starter, able to work independently and within a team-oriented environment

Interwest offers a collaborative work environment, highly competitive salaries and a generous benefits package to include health insurance, 401(k), holidays and paid time off.

To apply, please email a cover letter and resume to careers@interwestgrp.com
