

INTERWEST CONSULTING GROUP – OFFICE LOCATIONS

v2016-11

Interwest Consulting Group specializes in providing comprehensive services and professional staffing solutions to municipalities and government agencies, primarily working with and within Building and Safety and Public Works departments.

We furnish a wide range of Municipal Engineering services such as program management, city engineering, real estate and right-of-way acquisition services, traffic engineering and transportation programming, grant funding, construction management, GIS and more. Our Building and Safety services include all levels of staffing for building administration—from building official to front counter support, building and fire plan review, and inspection.

We understand the processes and procedures required for successful service delivery and recognize that budgets and schedules are not just guidelines, but are to be respected and met. Our business is your business.
